VIP INVITATION

To One of The Biggest PV Trade Show in China!

China to Maintain Its Leading PV Position in 2018

2012-2018(E) Number of Global and China's Newly Added Installed PV Capacity

With the government's intensive supports, China is predicted to hold onto its No.1 position in both accumulative and new installed PV capacity. Household PV systems and PV poverty alleviation projects are said to be the two major contributors to China's brisk PV growth in 2018.

EXHIBITOR TESTIMONIALS

“ At the show, we reached an agreement with Cheng Xin Shang Hui and Luxen Solar to jointly explore a brand new development model for PV poverty alleviation projects. —MOSO ”

“ Our PV modules and distributed power stations gained the most popularity. In 3 days, we received over 100 clients and signed over 60 business memos. —Dejiu Solar ”

“ Our rich product variety and successful project case presentation have helped elicit praises from many buyers, and solicit immediate or future business! —Growatt ”

2017 CHINA'S BEST "TOP RUNNER" PV PROJECTS AWARD

EVENT RECAP

18
Award
Winners

The Award was established to recognize the excellence of 18 distributed PV generation station projects in China, selected by an impartial expert panel and thousands of online insiders. The result was unveiled at the reception dinner of PV Guangzhou 2017 along with an display of those winner projects.

Award Winner List

TrinaSolar	ZhongGong	Deri	ProVista Care	Ginlong	SofarSolar
5Star	INVT	SunkWh	Tian Yao	Lieri	Youmin Energy
Oba	Taige	SAJ	Tian Ma Solar	Growatt	Infinity New Energy

Massive Media Exposure

The success of the show came to the attention of **Over 200 Media** at home and abroad, including **Trade Associations, Trade Magazines, Professional Websites, News Papers, and even TV Stations!**
